

Dear students,

Yesterday, the starting date of 2019/20 Summer school have been determined by the University Senate. The lectures of 2019/20 Summer School will start on July 27, 2020 and the last date of the lectures will be held on September 4, 2020. The summer school will be carried out entirely with the online system.

Our students, who plan to do summer internship, can start their internship as of July 1, after preparing the required forms and finalizing their application to the Civil Engineering Department. Students enrolled in the summer school will be able to complete their internships between July 1 and July 27 by completing 20 days. Therefore, if you are willing to attend summer school, you will only complete half of your summer training. Students who will not enroll in the summer school will be able to complete their 40-day internship starting from 1st of July.

Students who want to do summer internship should follow the items given in the link below:

<https://registrar.emu.edu.tr/en/students/undergraduate/internship>

Prepared compulsory internship form should be scanned and send to Prof. Dr. Khaled Marar via e-mail (khaled.marar@emu.edu.tr). As soon as the compulsory internship form is approved, the student will be eligible to start summer internship.

A bank receipt confirming the payment of 5 TL for each day of internship practice should also scanned and mailed to Prof. Dr. Khaled Marar. Possible bank account numbers where the insurance fee can be paid can be retrieved from the following link
