

CMPE/CMSE 400 - Summer Training Evaluation Form

Student No.:	
Name & Surname:	
Date of presentation:	

Jury Member:	
Signature:	

Evaluation of Report	Good	Fair	Poor
Evaluate the quality of the report and the compatibility of the work done with the logbook			

Evaluation of Work Done	Good	Fair	Poor
The student has done engineering related work or applied engineering knowledge to some task			

Evaluation of Presentation	Good	Fair	Poor
Organization of the presentation in general			
Knowledge of the student			
Answering questions			

Explanation in case of Failure or Conditional Success :

--

Overall Result (place tick)

Success	Failure	Conditional Success – rewrite report

Rubrics for acquiring and using new knowledge

Criterion	4	3	2	1
The ability to acquire new knowledge as needed	The student has fully demonstrated ability to acquire new knowledge	The student has demonstrated significant ability to acquire new knowledge	The student has demonstrated some ability to acquire new knowledge, but not quite enough	The student has not demonstrated any ability to acquire new knowledge
The ability to apply acquired knowledge in the solution of problems	The student has fully demonstrated ability to apply acquired knowledge in the solution of problems	The student has demonstrated significant ability to apply acquired knowledge in the solution of problems	The student has demonstrated some ability to apply acquired knowledge in the solution of problems, but not quite enough	The student has not demonstrated any ability to apply acquired knowledge in the solution of problems
The ability to use appropriate learning strategies to learn new knowledge	The student has fully demonstrated ability to use appropriate learning strategies to learn new knowledge	The student has demonstrated significant ability to use appropriate learning strategies to learn new knowledge	The student has demonstrated some ability to use appropriate learning strategies to learn new knowledge, but not quite enough	The student has not demonstrated any ability to use appropriate learning strategies to learn new knowledge

Evaluation of the response in chapter 6 of the report for outcome 7 “Acquiring and using new knowledge”

Criterion	Grade (1-4)
The ability to acquire new knowledge as needed	
The ability to apply acquired knowledge in the solution of problems	
The ability to use appropriate learning strategies to learn new knowledge
