1. Meet and discuss about the e-commerce website you want to create and come up with a unique and easy name to remember for it.

2. The key international commerce issues mentioned in Chapter 1 were: – Trust – Culture – Language – Government – Infrastructure. Describe each one of these issues and find a solution on how a business can overcome/prevent these issues in the online business environment. Your answer should not exceed 2 pages. (Individual Answer)

3. You should provide at least 3 domain names you would like to use for the website.

4. One of the group member should create a new Gmail account.

Deadline : 10th of March, 2020.
