# FACULTY OF ENGINEERING COMPUTER ENGINEERING DEPARTMENT EASTERN MEDITERRANEAN UNIVERSITY GAZIMAGUSA- NORTHERN CYPRUS

# SUMMER TRAINING LOG BOOK

### **Advisor Checklist:**

Name of Summer Training Field/Area :

Advisor :

Academic-Term :

No. of Working Days :

Presentation Date :

Grade (S/U) :

Name of Student :

Registration No :

Department :

Dates of Training :

## INFORMATION ABOUT THE PLACE OF TRAINING

Name of Firm	:		
Address	:		
General Manager	:		
Supervisor Assigned	:		
Position in the Firm	:		
TO THE SUMMER TRAIL	NING COMMITTEE		
I certify that the following re	cord of work done by the student is correct.		
Our evaluation of the work is recorded in the following page.			
Signature and Stamp :			
Date :			
•	uld be completed by the supervisor and the log book should be given d envelope in order to be delivered to the University)		
(Bu staj defteri Türkçe olarak da doldurulabilir. İmzalandıktan sonra kapalı bir zarfta ogrenciye verilmelidir.)			

## **SUMMER TRAINING EVALUATION FORM**

## (To be completed by the Supervisor)

1.	Student's Name and Surnar	me:	
2.	Starting Date	:	
3.	Date of Completion	:	
4.	<b>Duration of Practice</b>	:	(Working Days)
5.	Summary of Work Done	:	
6.	Student's Evaluation ( Poor a) Interest: b) Attendance: c) Technical Knowledge d) General Behaviour:		
7.	General Comments:		
8.	Number of engineers emplo	oyed in the workplace:	

### **Outcomes Based Assessment of Summer Training**

Accreditation Board for Engineering and Technology (ABET) requires an outcomes based assessment of each course offered in the departmental program.

Please state the level to which you believe the trainee has attained the indicated skills. Select the most appropriate choice given below:

5 = Strongly Agree 4 = Agree 3 = Neutral 2 = Disagree 1 = Strongly Disagree

Summer Training makes significant contributions to the following program outcomes:

Program Outcomes	5	4	3	2	1
(a) An ability to apply knowledge of mathematics, science, and					
engineering					
(d) An ability to function on multidiscipline teams, formulate, and solve					
engineering problems					
(e) An ability to identify, formulate, and solve engineering problems					
(f) Understanding of professional and ethical responsibility					
(g) ability to communicate effectively					
(h) broad education necessary to understand the impact of engineering					
solutions in a global economic environmental and societal context					
(i) a recognition of the need for the ability to engage in lifelong learning					
(j) a knowledge of contemporary issues					
k) An ability to use the techniques, skills, and modern engineering tools					
necessary for engineering					
(l) an ability to communicate in bilingual environments					

Date:

Title, Name and Signature of Supervisor:

The following table should be filled on a daily basis:

,		

### NOTES:

- To be eligible for summer training the student must be in the 5th academic term or above.
   Those students taking one or more courses in the summer school are not allowed to do summer training.
- 2. The duration of the summer training is 40 continuous working days, all of which should be in the same establishment.
- 3. When the student completes the summer training, he/she will be assigned a "Summer Training Advisor" who will supervise the student to write a report about the training. This report should include original experience gained by the student at the site/office rather than theoretical knowledge obtained from books or lecture notes. During the summer training take photograhs, plans, specifications, etc. to use in your report.
- 4. Every student will present his/her report as a seminar infront of an examining committee and be ready to answer the questions directed to him/her about the practice obtained during the training.
- 5. Time-Table for the Semester following the Summer Training:
- Register in Summer Training Course during the Course Registration Period of the Fall semester.
- During registration, submit a written statement to your advisor, showing your name/surname, student number and subject of your summer taining (building construction, road construction, etc.).
- During the 2nd week of the semester, the Department will announce the name of the instructor who will supervise you. Contact your instructor as soon as possible (not later than the end of the 3rd week in any case) to obtain his/her instruction on how to write the report.
- Submit the report to your instructor not later than the end the 9th week of the semester. If there are any modifications required, complete these and re-submit to your instructor.
- Seminars will take place within the last 2 weeks of the semester, prior to the final examinations.
- Summer Training of students not following the above time schedule will not be accepted.
